Lucknow, UP 

www.linkedin.com/in/shabakhan 

I am a highly motivated individual with a keen interest in and passion for the field of computer science. My academic background, including a **bachelor's degree in computer application (BCA)** and a Certification in **DSA with Java**, has equipped me with **HTML, CSS, JavaScript, Bootstrap** and **React JS** skills and knowledge to succeed in this field of **Fronted Web Developer**. I possess strong skills in **SQL Databases**, which have been instrumental in my analytical and problem-solving abilities. I also acquired comprehensive knowledge and practical experience in **Computer Programming** during my college and **DSA with Java** training.

PROJECTS

Complete Portfolio Website

HTML, CSS and Bootstrap

My Portfolio Website demonstrates strong technical skills and a dedication to crafting user-friendly and visually appealing web experiences. It showcases expertise in frontend development using HTML, CSS, and Bootstrap.

LinkedIn Clone with React JS

Using with Firebase Database

The LinkedIn Clone project is a dynamic web application built with React JS and Firebase. It replicates the core features of the LinkedIn platform, providing users with a familiar and user-friendly experience.
